September 09, 2025:

There was a Trump rally a while back that I saw - back when I used to watch every rally. Donald was speaking to the Republican politicians in the audience at the time, and he said something to the effect about 'knowing' what they were doing, or something to the effect of having information on them. It immediately struck me as being a hint at spying on them, and a hint about using what he learned as an extortion.

Since that time, Donald's team of sound engineers (DJTrump) has been pushing various messages into our home using his spying and agitating correspondence with my life. I am unable to go anywhere to escape it. Donald's team is 'driving' messaging into my life whether I want to see it, hear it, or not. So, I will continue to share with you the impressions that his team's messages leave on me.

Take, for example, this actual quote from Donald Trump at a public campaign rally:

"You know, with me . . . we've got to get the congressman elected, and we've got to get the senators elected. Because we can take the Senate pretty easily. And I think with <u>our little secret</u>, we're gonna do really well with the house, right? <u>Our little secret</u> is having a big impact. He and <u>I have a secret</u>. We'll tell you what it is when the race is over."

Donald Trump October 28, 2024

This is not the exact quote of the rally that I saw that struck me as hinting extortion, however, it is in a similar line of speech and reasoning. The speech is about a secret, and the reasoning is that the 'secret' will help him to succeed in politics.

DJTrump, the DJ of the Sound Machine of agitations that is forcing messaging into our home through 'acoustic bombardment', is driving other messaging into my home as well that relates to women, breeding, use of women as 'vessels' for genes, etc.

The entire messaging campaign has left me disgusted by the message and impression that his team is emphatically driving into my life.

This brings me to the connections that I am making from the messaging, the agitations, and the news.

I am writing to discuss the connections between the Trump birthday card to Epstein, to the government connections to Epstein, and to the 'little secret' that Trump speaks about to help him produce practical gains in politics.

I will admit to you that this DJTrump messaging into my own home began as an attempt to convince me that I am being extorted by his efforts. For many months, his acoustic bombardment attempted to convince me that he was investigating me as a criminal, and that he was arranging to have me arrested as retaliation for my political speech.

Of course, I always knew that my life was an open book ever since I began involving myself in the law. I already knew of the world of private investigators, illegal spying, and everything else that is going on to 'bend' the rules of the game behind the scenes. So, I have lived my life in a way that I share openly with the public. My life inside and outside are basically the same life for all to see and believe.

But, not everyone lives their lives in this way. Many people are operating in the shadows within a 'secret' that they do not wish to share with others. And, this is their right to privacy. I certainly wish I had more privacy in my life.

But, the point I am sharing today is the 'use' of 'secrets' to create political gains. To me, that is certainly in the neighborhood of the use of 'extortion' to create political gains.

I will attach the following few photos and you can trace the lines of reason for yourself.

Voice Over:

There must be more to life than having everything.

Donald

Yes, there is, but I won't tell you what it is.

Jeffrey

Nor will I, since I also know what it is.

Donald

We have certain things in common, Jeffrey.

Jeffrey

Yes, we do, come to think of it.

Donald

Enigmas never age, have you noticed that?

Jeffrey

As a matter of fact, it was clear to me the last time I saw you.

Donald

A pal is a wonderful thing. Happy Birthday—and may every day be another wonderful secret.

" - and may every day be another wonderful secret."

Donald J. Trump

"… sells 'fully depreciated' _____ to Donald Trump for $22,500."

JEFFREY SHOWING EARLY TALENTS WITH MONEY + WOMEN! SELLS "FULLY DEPRECIATED" [redacted] TO DONALD TRUMP FOR $22,500.

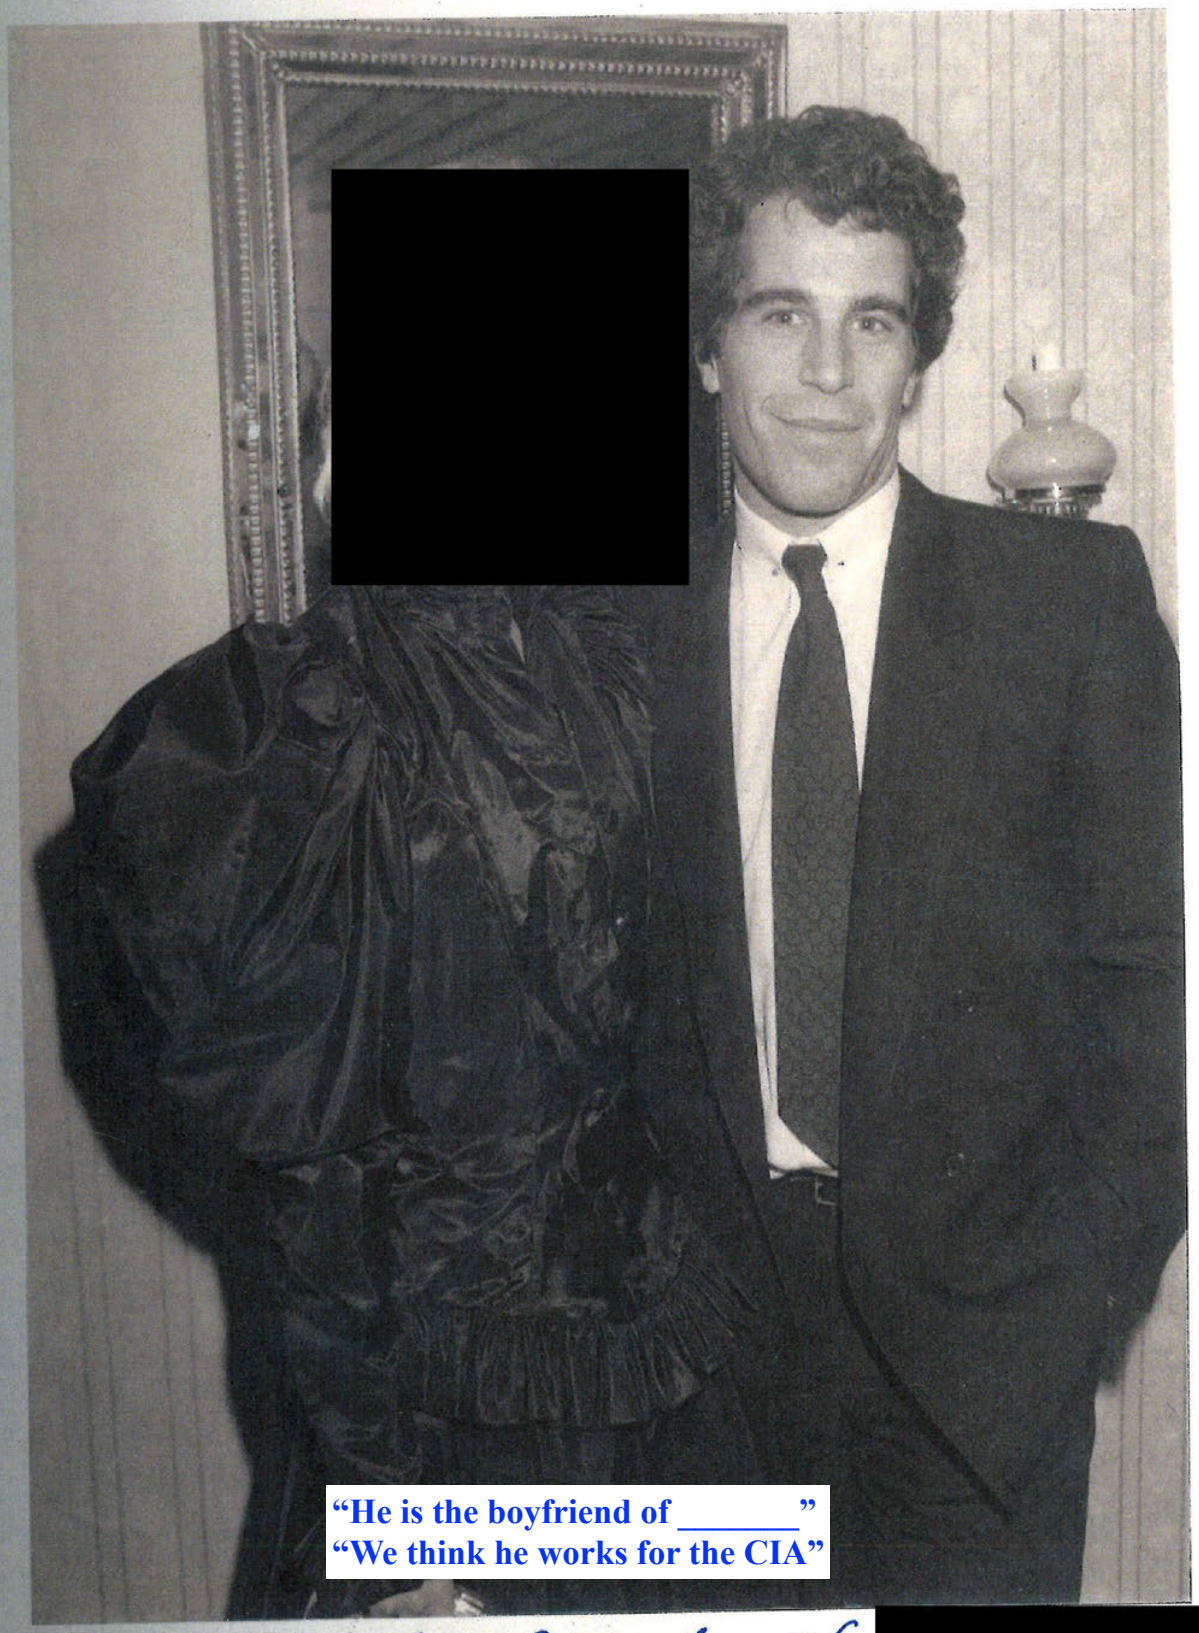
SHOWED EARLY "PEOPLE SKILLS" TOO, EVEN THOUGH I HANDLED THE DEAL I DIDN'T GET ANY OF THE MONEY OR THE GIRL!

Jeffrey —

Happy 50th —
It's reassuring isn't it, to have lasted so long, across all the years of learning and knowing, adventures and sword, and still to have your childlike curiosity, the drive to make a difference, and the sobell of friends —

Bill Clinton

BILL CLINTON



"He is the boyfriend of [redacted]"
"We think he works for the CIA".

"These were your body guards before you began trading with presidents and (getting?) the (__ny?) and secret service to greet you."

These were your body guards before you began trading with the presidents and getting the army and secret service to greet you.

Finally, at the home of our friend, let's call him Mr. Brown, Jeffrey unveiled his plan. To some it may have seemed a get-rich-quick scheme, but to me it was pure genius: Rob and Kill was the name of the plan. The first victim, [redacted] to be attacked and brutally plundered (would she want more than that?) on the boardwalk in Venice Beach. Broad daylight. The dastardly thieves were never caught.

Postscript: I retired from "the life", but I recently read an article in New York which led me to believe that my old friend Mr. E had continued on and become an industry leader.
